***Allowable Subject Matter***

Claims 3-6, and 9 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 3, more particularly defines the structure of an information recording medium which comprises of a recording layer made of an exchange-coupled multiplayer film, wherein the film has a coercive force which is not changed within certain temperature, the product of certain magnetic flux density and film thickness, and includes at least a transition metal-rich rare earth-transition metal amorphous alloy and rare earth -rich rare earth transition metal amorphous layer. These particulars, combined with the remaining claim elements, are not suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
